## ORIGIN TEAS

Single serving price

<b>First Pluck Shifeng Longjing Green Tea</b>   West Lake, Zhejiang China's most famous green tea, a tribute tea for centuries, made from the very first day's harvest, hand-fried in an iron wok, nutrient-rich with deep complex flavor and a toasted soybean aroma	25
<b>First Pluck Bi Luo Chun Green Tea</b>   Xishan Island, Jiangsu #2 most famous Chinese green tea, tiny buds and leaves from the first day of the harvest, mild and sweet and persistent, powerful fruity floral aromatics, easy-drinking for those sensitive to caffeine	25
<b>China Red (Zhongguo Hong) Black Tea</b>   Fengqing, Yunnan blended from the best cultivars grown in Fengqing County's Tea Science Research Institute garden, unique aroma that represents the deep forest wildflower character of Yunnan black tea	20
<b>Aged Silver Needle 2013 White Tea</b>   Shaowu, Fujian a very rare example of high-end bud-only white tea that has been aged, considered the most cooling in Chinese herbalism and most effective when aged, becomes smoother and deeper with time	20
<b>Aged Bai Mudan 2012 White Tea</b>   Shaowu, Fujian classic bud and leaf white tea slowly dried by air and sun, then naturally aged in storage, flavor evolves over time, darkens and develops unique aromatics that are cool like mint or lotus leaf	15
<b>Aged Gong Mei 2015 White Tea</b>   Shaowu, Fujian a rich mostly-leaf white tea naturally dried in gentle sunshine for a more unfiltered character, slowly oxidizes and darkens with age and develops stronger anti-inflammatory properties	10
<b>First Pluck Purple Bamboo Green Tea</b>   Changxing, Zhejiang the year's first harvest from early April, shorter and more tender pluckings than our standard Gu-zhu Zisun, as breezy and fresh as can be with distinct minerality and prominent vegetal greenness	15
<b>Early Spring Mogan Yellow Yellow Tea</b>   Mogan Mountain, Zhejiang Mogan Mountain's famous yellow tea made with the earliest harvest by a master in its specialized processing, slight oxidation yields honeyed florals with rich depth, softer character than green	15
<b>Ming Qian Mogan Green Green Tea</b>   Mogan Mountain, Zhejiang the earliest plucking of green tea on Moganshan, the highest peak in the Hangzhou area, richest in amino acids, complex mineral flavor from diverse seed-grown bushes	15
<b>Mogan Hong (Mogan Black) Black Tea</b>   Mogan Mountain, Zhejiang a new style of tea making in Mogan, rich amino acids in early harvest leaves and buds from the organic high-mountain garden, develops a distinctive sweet finish and higher florals under oxidation	15
<b>Yangxian Green Green Tea</b>   Yixing, Jiangsu a very old traditional green tea from Yixing (once named Yangxian), a region known for its famous ceramics and yixing pots, tightly twisted leaf with rich flavor	10
<b>Yixing Black Black Tea</b>   Yixing, Jiangsu Yixing's relatively new black tea is even more popular than its green, travelers seeking yixing pots are often invited to drink black tea with by local artisans, fruit-sweet and mineral	10
